the art of measurement

CALIBRATION SERVICES

WWW.CELEMETRIX.COM.AU
CALL 1800 256 838

Fibre Optics Testers and Tools:

- OTDRs
- Hand held optical testers
- Optical spectrum analysers
- Multi-wavelength meters
- Optical fusion splicers/cleavers

Dimensional:

- Height gauges
- Micrometers
- Vernier callipers
- Dial gauges and indicators
- Rules

Force and Torque:

- Dynamometers
- Force gauges
- Torque transducers and Indicators
- Torque wrenches

Electrical Testers:

- Multimeters
- Multifunction calibrators
- Clamp meters
- Process calibrators
- Power quality analysers
- Portable appliance testers and residual current device testers
- LCR meters
- Insulation resistance, impedance and ground bond testers
- Decade resistance boxes
- Power suppliers
- HV source/probes
- Tachometers
- Video test equipment

Analytical Devices:

- pH and conductivity meters
- Viscometers

Cable and Transmission Testers:

- PDH/SDH/SONET testers
- Ethernet/IP testers
- PET/RFL/ TDR and cable locators

Scales, Balances and Masses:

- Counting scales
- Mechanical dials
- Platform load cells
- Precision balances
- Masses

Pressure and Vacuum:

- Digital and fluid manometers
- Gauges
- Switches
- Transducers and Transmitters

Temperature and Humidity:

- Data Loggers and Recorders
- Digital thermometers and hygrometers
- Enclosures
- Indicators and controllers
- Infra red thermometers and thermal imagers
- Liquid-in-glass thermometers
- Thermocouples and RTDs

RF Measurement - up to 26.5GHz:

- Signal generators
- Waveform generators
- Power meters and power sensors
- Oscilloscopes
- Spectrum analysers
- Cable and antenna / network analysers
- Frequency counters
- Attenuators
- In line power/watt meters
- Cable TV signal level meters

High Voltage Testing:

- Insulating Gloves, Sleeves, Mats & Blankets
- Fiberglass and LV Insulated Tools
- Soft and Hardcover Line Hoses
- Hydraulic Tool Hoses
- Pole, LV and Tower Rescue Kits
- Ladders
- Pole Leakage Detectors
- HV Testers
- Live Line Temporary Bridges
- HV Phasing Devices
- Pole Platforms
- Elevated Work Platforms
- Height Safety Equipment and Lifting Gear
- Electrical Appliances and Extension Leads

Gas Detection Testing:

- Portable Gas detectors

NATA ACCREDITED CALIBRATIONS

- 1.20 Pressure and Vacuum Measuring Devices
- 1.33 Precision Capacitors
- 1.35 Inductors, Self and Mutual
- 1.38 Instrument Calibrators
- 1.39 Indicating and Recording Instruments
- 1.41 Frequency and Time Instruments and Standards.
- 1.42 Waveform Measuring Instruments
- 1.81 Calibration of Ancillary Temperature Measuring Instruments
